About CISLA

CISLA is a professional engineering services provider with proven expertise in insurance survey and loss assessment.

We pride ourselves on our 'smart' approach to delivering services. In everything we do, we work to ensure our clients obtain the optimal outcome possible.

A dedication to technically challenging and practical solutions is central to CISLA's client service approach. Clients value our ability to understand and satisfy the needs of all stakeholders.

CISLA's team is committed to delivering tangible outcomes which add value to all assignments across the globe. With offices across India, we understand local conditions and the operating environments of the regions where we work.

Why CISLA?

Our management team and commitment to quality provides the right platform for success. Our hands on and personal approach benefits the interests of both clients and staff. As a business we are known for our responsiveness. We pride ourselves on our prompt reply to emails, phone calls and general enquiries.

As a specialist surveyors and loss assessors, we possess the depth of experience unrivalled by other surveyors. As a 'smart' firm, we ensure our knowledge and experience benefits every assignment.

Full Policy Review/ Portfolio Analysis:

We provide a better way to manage your portfolio through our group of experienced general insurance & financial service professionals. Insurance policies consist of multiple parts and sub-parts, including coverage grants, basis of arriving at sum insured, exclusions, identification of insurable subject matter, conditions of coverage, counter-party risks, reporting obligations, as well as "other insurance" provisions and items. We regularly conduct policy reviews to identify and bridge gaps & overlapping in existing insurance policies.

Claim consulting / Legal Consulting:

We work for Solicitors in the preparation of Insurance Claims to be submitted as part of pending legal proceedings. Our invaluable knowledge in the area of claims has been of enormous benefit in the preparation of law suits & claim for the legal profession. We will also review claims that have been submitted to solicitor's clients to check and validate the quantum aspect.
